## **Explanation of significant variations between 2019-20 and 2020-21**

### **Box 3: Total other receipts**

2019-20: £4,456

2020-21: £7,938

This represented an increase of £3,482 or 78%.

The most important factor which led to this variation was the fact that in 2020-21 the Council received its first ever payment of Community Infrastructure Levy, a sum of £4,003.
