Dear Ms Morrison Allsopp

PROPOSED COMMUNITY CYCLEWAY

Thank you for your letter regarding South Hinksey Parish Council's plans to create a community cycleway which would connect parishes to the west of Oxford to Oxford city, avoiding the Hinksey Hill Interchange.

This was discussed at the last council meeting on Thursday 14 December, where members agreed to support this scheme in principle.

Kennington Parish Council appreciates this proposed scheme will be a big undertaking, but agree that it would provide a far safer way for both cyclists and pedestrians, and would be a far greener alternative to travel to and from the city.

May I take this opportunity to wish both yourself and your councillors a Very Merry Christmas and a Happy New Year.

Yours sincerely

Anne Feather
